The 360-degree rotating orange warning light function is visible from a great distance

Крепление на магнит
Thanks to the magnet function and the hook, the LED warning light can be attached in various ways.

3x AAA batteries included

Operational readiness. With the three AAA batteries supplied, the warning light is ready for use immediately after purchase

Техническое описание продукта

Свет - это безопасность. Видеть и быть видимым с OSRAM

Be prepared with OSRAM warning and safety lights. The LEDguardian ROAD FLARE is a compact LED warning light for various situations on the road and for minor inspection work on your vehicle. The 360 degrees rotating, orange, warning light function of the LEDguardian ROAD FLARE is visible from a great distance and can provide crucial information about a dangerous situation in an emergency. A total of 16 high-quality long-life LEDs offer three different operating modes: 360 ° rotating orange warning light function, permanent orange light function and a white torch function. In addition, the LEDguardian ROAD FLARE impresses with its non-slip, dirt-repellent surface, a practical hook for attachment and is so robust and resistant that it can even be run over by a car** without losing performance. The LEDguardian ROAD FLARE has been tested and validated in our certified environmental simulation laboratory for extreme external influences in terms of water, dust and impact from falls. According to the IP54 & IK07 protection classes, the LEDguardian ROAD FLARE is resistant to water, dust and impacts. With the three AAA batteries supplied, the warning light is ready for use immediately after purchase. OSRAM provides a 2-year guarantee on this product* The LEDguardian ROAD FLARE is not approved as a warning light in Germany in the sense of the German Road Traffic Licensing Regulations (StVZO). Please observe any special requirements and laws in countries outside Germany regarding the use and operation of an additional warning light in road traffic.*For precise conditions please refer to: www.osram.com/am-guarantee **Tested at a mid-range car at walking pace

Техническое описание продукта

Technical data

Информация о продукте

Номер заказа	LEDSL303
Применение (категория и специфика)	Warning and safety lights

Электрические параметры

Номинальная мощность	185 Вт
Номинальное напряжение	45 В

Фотометрические данные

Цветовая температура	yellow:1800-2000/white: 6500 K
Световой поток	75 лм
Цветность светодиода	Flash: orange/amber / Torch: white

Размеры и вес

Вес продукта	17600 g
Длина	1010 mm
Ширина	330 mm
Высота	1110 mm

Цвета и материалы

Цвет цоколя	Черный
-------------	--------

Срок службы

Гарантия	2 years
----------	---------

Дополнительные данные

Тип батареи	Alkaline
-------------	----------

Техническое описание продукта

Емкость батареи	Yes
Батарея	3xAAA (Battery Lifetime 8h-20h)

Возможности / мощности

Технология	LED
------------	-----

Сертификаты и Стандарты

Тип защиты	IP54
IK Class	IK07

Классификация

Номер заказа	LEDSL303
