

# Cube PX Flood Beam

### Flood Beam Pattern

For a wide and broad light distribution

### 1500 to 4500 Lumens

Selection of 4 different power levels per beam pattern

### Matrix Portfolio

A vehicle-specific lighting set-up can be put together individually. Mix & match. Vary and combine

### IP & IK protection classes

Tested and validated in a DIN-certified environmental simulation laboratory regarding extreme external influences such as water, dust, shocks, impacts, heat, cold, permanent vibrations and many more

## Техническое описание продукта

### Professional light for professional work

With the OSRAM LEDriving Professional Series PX working lights portfolio, it is now possible to find exactly the right lighting for a wide range of special professional tasks and applications. The 16 working lights in total score points with maximum optical efficiency, effectiveness, and homogeneous light distribution. The modular series focuses on the most important aspects of worklight use: Illumination, performance, quality, shape, durability, functionality, and thus can also result in increased safety at work for you and others. The optimal factors can be selected and prioritized for each corresponding application; thus, with these high-performance lights, a complete vehicle-specific lighting set-up can be put together, that this is perfectly applicable to the respective individual requirements and needs. The working lights are suitable for 12V and 24V vehicles and a total of four beam patterns - Flood, Spot, Wide and Ultra-Wide - and four power levels - 1500lm, 2500lm, 3500lm and 4500lm - are available for each light. In addition, they can be mounted in three different ways: Direct mounting, flexible standard mounting, and heavy-duty mounting. Additionally, OSRAM has developed specially designed mounting kits and a cable with DT-connector. Validated according to the highest IP & IK protection classes IP6K8 & IP6K9K and CISPR25 Class 5, the Professional Series is designed to meet the highest OE standards and requirements of the automotive industry. OSRAM provides a 5-year guarantee on these products<sup>1)2)1)</sup> Additional working lights without ECE approval for use as work lights are approved for use on any vehicle according to German Road Traffic Licensing Regulations (StVZO) §52 (7). However, they must not be used and switched on while driving. In addition, individual special regulations, and laws of countries outside Germany must be observed.<sup>2)</sup> For precise conditions refer to: [www.osram.com/am-guarantee](http://www.osram.com/am-guarantee)

### Technical data

#### Информация о продукте

|                                    |              |
|------------------------------------|--------------|
| Номер заказа                       | LEDPWL 107   |
| Применение (категория и специфика) | Рабочий свет |

#### Электрические параметры

|                        |         |
|------------------------|---------|
| Номинальное напряжение | 12/24 В |
| Номинальная мощность   | 2700 Вт |

#### Фотометрические данные

|                                    |         |
|------------------------------------|---------|
| Световой поток                     | 2500 лм |
| Цветовая температура               | 6000 К  |
| Длина луча при освещенности 1 люкс | 80 м    |

#### Размеры и вес

|              |         |
|--------------|---------|
| Вес продукта | 67000 g |
| Длина        | 1171 mm |
| Ширина       | 684 mm  |
| Высота       | 1134 mm |

#### Срок службы

|          |         |
|----------|---------|
| Гарантия | 5 years |
|----------|---------|

#### Дополнительные данные

|                     |              |
